We highly recommend Adam Stradt to meet your Real Estate Needs.

He was honest and communicated what he thought would bring value to our home.

He was friendly and open to listening to our needs.

He has so much knowledge with Real Estate but also general construction and interior maintenance.

He even fixed our disposal and provided us with names of others who could help us increase the value of our current home and our new home.

Our ~~home~~^{house} was sold in less than a month and we received the asking price!

Thank You for Your Time and Opportunity to Serve You!
